Recommendations for installation:

Above or next to the washbasin. Recommended user height approx. 1,000 mm from bottom edge of dispenser to floor.

If mounted above the washbasin, minimum distance of 150 mm between the bottom edge of the dispenser and the edge of the washbasin.

Product Description

Lockable, industrial detergent dispenser for hand hygiene. Robust and durable design (incl. pushbutton). Manual dispensing by pushing. Versatile usage - same dispenser for several refill options! Dispensing quantity manually adjustable with Lindström key.

For each refill, a corresponding product tag-label is provided, which can be attached to the dispenser for easy reading. The labels include product name and reference color to guide clear and simple differentiation between suitable refills while filling the dispenser. Several dispensers can be installed to a sleek row with the WRMA01 XL dsp spacer kit, for hand washing, disinfection and care products
