Product Description

Hand cleanser with abrasive friction elements in the bottle. Contains detergent substances for the removal of the strongest soiling from diesel and machine oil, lubricating grease, and brake and graphite dust. Gentle lipid replenishing action. Strong against dirt, gentle on the skin, pH-neutral. Leaves a subtle scent. Silicone-free, soap-free, dye-free and paraben-free. Kind to the skin and suitable for allergy sufferers. Dermatologically tested. IFRA-compliant. Free of microplastics. Certified with the EU Ecolabel. Particularly suitable for industrial applications, such as car repair shops.
